It is with heavy hearts that we
President Anne Bowers
passed away on April 20
after a brief illness.

Friends sought to honor her
service to community
preservation and her lifelong
love of learning by
establishing a fund to
support student internships.

**The Anne Stuart Bowers
Study Fund**

will provide a stipend for students
interning with Preservation
Greensboro in the studies
of architecture, decorative
arts, history, historic
landscapes, and preservation. Donations marked for this use
will be directed to this fund.
Stipends for the Anne Stuart Bowers Study Fund are based
on an annual selection process.

Please consider a tax deductible contribution to the Bowers
Fund. Anne's spirit was endless, and her legacy will benefit
the next generation of preservationists.

"Edgewood" Awaits Restoration

One hundred years ago, it was a center of Greensboro's social scene, but today the rustic Edgewood Estate sits empty after a period of neglect. It stands ready for a new owner to restore the formerly rural retreat to its next chapter in history.

Located in the middle of a suburban block at 111 Arden Place, and bounded by West Market Street, Sylvan Road, and Mayflower Drive, the early history of Edgewood remains largely a mystery. The house predates the adjacent College Park and Sunset Hills neighborhoods, and is thought to have been completed around 1912.

The rambling two-and-a-half story Colonial Revival-style house features a striking multi-colored stone façade that includes attached and detached garages with servant's quarters. The landscaped estate is part of a family of comparable houses in Greensboro that reflect interest in establishing rural havens away from the city center.
